Volunteer Roles and Responsibilities

Note: Each volunteer will participate in some or all that are listed below. Assignments will be based on the interest and availability of Garden staff. The Garden may add additional opportunities at any time.

- Horticulture/Greenhouse
 - Assist in maintaining the Garden grounds (Planting, mulching, weeding, watering, etc.)
 - Assist in maintaining the Greenhouse (Planting, re-potting, propagation, watering, etc.)
 - Learn about invasive species management and removal
- Education
 - Assist in summer science camp programs
 - Assist in gathering and conceptualizing interpretation
 - Assist with Wacky Wednesdays
- Plant Conservation and Curation
 - Record plants and learn about plant documentation
 - Assist with current research projects
- All: Develop an action plan to promote environmental sustainability in your own home landscape.
 - One-page document detailing something you can do at home to increase your sustainability
 - Examples: Composting, reducing chemical use in gardens, recycling, etc.
